Materials and thread list

Fabric	14-count Aida or evenweave, at least 28 x 28 cm (11.1 x 11.1 in). This includes 5 cm of spare fabric on every side.
Thread	DMC six-strand embroidery floss in 14 colors. Use 2 strands for cross stitches. About 15 skeins in total (see list below).
Needle	Tapestry needle, size 24 (suggested).
Also needed	Embroidery hoop or frame, sharp small scissors.
Note	* Skein counts are approximate: they assume full cross stitches and an allowance of 1.5x for the back of the work and thread tails, and each color is rounded up. Thread colors differ slightly on screen and on paper; buy by the DMC code. Color data: craft-color-codes by MakeBead (CC BY 4.0).
